Stackable Shelf Lap Rack Model #3100A

The model 3100A single column lap rack is handmade with the craftsmanship you would expect from PSI. It has 272 compartments that will store up to 816 stacked laps. It is constructed from high grade birch hardwood plywood and sprayed with a durable polyurethane finish that will last for years. Its industrial quality bearings allow it to rotate freely with minimal effort, even when fully loaded. It offers a small footprint that allows it to fit in corners or other unusable spaces of no more than four square feet of floor space.

Features & Benefits

- Will store up to 816, 3.5" round laps, stacked in 272 compartments.
- Constructed of high grade birch hardwood plywood and a durable polyurethane finish.
- Industrial quality bearings to allow rotation with minimum effort.
- 2' in diameter and 6' tall, its small footprint fits ideally in corners and other unusable spaces.
