Manual Tape Dispenser Model 390A

PSI's Manual Tape Dispenser was designed and built to fulfill the laboratory's need for a compact, economical tape dispenser and applicator. This dispenser is by far the most economical system available. It applies the lens tape quickly and efficiently with very little wasted tape. It is shipped with a roll of PSI tape and a hot knife. The unit requires no air and the hot knife operates on standard voltage.

Features

- Compact, economical tape dispenser and applicator
- Made of durable stainless steel
