Easy Lift 2 Color-Coded Base Pad System

The Easy Lift 2 color-coded base pad system eliminates the strain of pad peeling and reduces repetitive motion injuries for lab personnel. The system is made of three components, the semi-permanent color-coded base pad and easy lifting fining and polishing pads. The colored material simplifies lap identification making it easier to retrieve and re-store laps by the proper base curve, reducing errors due to poor lap selection.

Features

- The non-abrasive colored vinyl base pad material has a multi-directional embossed surface which allows fining and polishing pads to interlock between pad surfaces.
- Proprietary adhesives hold the fining and polishing pads securely to the base pad during processing while allowing them to be quickly removed without the use of knives.
- Specially designed fining and polish pads offer easy lift tabs for quick removal.
- Fining and polishing pads are made with high quality 3M abrasives and Shawsheen polishing materials.
- Base pads are available in 4-petal for plano to 8 base and 7-petal for 8 base and higher.
- Fining pads available in one and two-step systems for all plastic, polycarbonate and Trivex lens materials.

Tips For Base Pad Application And Use

- Always prepare the tool with a clear warm water wash and dry with a clean towel.
- Allow tool to air dry thoroughly before base pad application.
- Properly center the base pad on tool and press petals down thoroughly and finish with a pad press.
- Take care to not let polish build up in the embossed surface. If needed, gently clean with warm water and a soft bristle brush.

Easy Lift 2 Color-Coded Base Pad System

COLOR-CODED BASE PADS - 3"

Plano to 8 base, 250/roll

Part #	Description
BP4-BLU	Blue, 4-Petal Base Pad
BP4-PUR	Purple, 4-Petal Base Pad
BP4-PIN	Pink, 4-Petal Base Pad
BP4-WHI	White, 4-Petal Base Pad
BP4-GRE	Green, 4-Petal Base Pad
BP4-YEL	Yellow, 4-Petal Base Pad

8 and higher base, 250/roll

Part #	Description
BP7-BLU	Blue, 7-Petal Base Pad
BP7-PUR	Purple, 7-Petal Base Pad
BP7-PIN	Pink, 7-Petal Base Pad
BP7-WHI	White, 7-Petal Base Pad
BP7-GRE	Green, 7-Petal Base Pad
BP7-YEL	Yellow, 7-Petal Base Pad
