

## Nitrile Gloves

PSI's Nitrile Gloves offer a secure fit, are highly elastic and have superior strength. They are ergonomically designed to provide the fit, comfort and durability of natural latex without the protein allergens. They provide maximum tactile sensitivity.

**7100 Series (Black)** - Offers standard glove sizing for maximum protection up to the wrist.

**6100 Series (Blue)** - Offers an extended cuff for additional protection for the wrist and lower forearm.

### Features & Benefits

- An excellent alternative to latex because they have no natural rubber latex to cause allergic reactions.
- Powder-free to eliminate contamination and allergens.
- Micro-rough textured surface from the wrist to fingertips provides better gripping.
- Examination grade for demanding work environments.
- Available in standard fitting (black) or extended cuff (blue) for additional protection for the wrist and lower forearm.

Standard Cuff  
(7100 Series)

Extended Cuff  
(6100 Series)
